

NOVEMBER 2009

Resident *Life*

A MONTHLY RESIDENT UPDATE

AMLI at Osprey Lake
2025 Greystem Circle, Gurnee, Illinois 60031
847-855-1414

Holiday Hours

The holidays are just around the corner which means our office will be closed for the following days:

- Thanksgiving Day: Thursday, November 26th
- Christmas Eve: Thursday, December 24th
- Christmas Day: Friday, December 25th
- New Years Day: Friday, January 1st

For your convenience, we will still be available for any approved emergency maintenance services that you need in your apartments. We wish you all a safe and happy holiday season!

Eyes Of Hope

Please donate prescription glasses, readers and sunglasses in the donation box located in our leasing office. Donations are welcome until December 31st. The Eyes of Hope program serves more than one billion people globally who cannot afford, or do not have, access to eyewear. Donated glasses will be refurbished, cleaned, and labeled to benefit those in need. Thank you for helping us look out for eyes around the world!

The Holidays Are Around The Corner, Refer A Friend!

With the holidays right around the corner, extra money is always helpful. You already know that AMLI at Osprey Lake is the right place to call home. Now you can earn **\$500.00** for telling your friends, co-workers, and relatives about us. When the new resident signs a new (minimum one-year) lease and moves in, you will receive a **\$500.00 check**. Just make sure they mention your name at their first visit when asked how they heard about our community! It is that easy! Please call the Leasing Office for more information.

Going Out Of Town

As the holidays approach and travel ensues, please remember to stop by the leasing office on your way out of town to fill out an out-of-town form as the office will need contact information in case of an emergency. Please remember while you are out of town during the winter the maintenance team may need to enter your apartment in case of freezing temperatures to adjust your thermostat to help prevent freezing pipes and sprinklers, weather conditions cannot be predicted so its always best to be prepared.
